

LIFESTYLES

Every student starts Find Your Grind by discovering their lifestyle matches. There are 16 possible lifestyles, and these form the basis of a fully **personalized learning journey** — **unique** to every student.

SKILLS FOR LIFE

As a valuable part of life, we recommend Skills to each student based on their personal lifestyle interests — prioritizing skills that will help each individual student be **successful in their own journey** into the workforce and throughout their life.

EMERGING CAREERS

We've built the most relevant database of careers that represent the **future of work**. Our library is constantly growing with up-to-date career information on salary, work expectations, and pathways to get there.

MENTORS

Every student can identify a face and story they can relate to — Mentors **humanize** life and career experiences to give students a real story that sets their expectations and inspires them in a way that brings instructional content to life.

INDUSTRIES

We created a forward-thinking, researched-based framework to reimagine career industries designed to inspire. The industries are relevant to the future of work and provide a more accessible, user-friendly, and less intimidating approach to career exploration.

Our Find Your Grind Industry Categories are so relevant, some schools and districts are adopting them for their own pathways.
